COMMISSIONER.
NOTICE INVITING TENDER for e-tendering

1. Item rate tenders are invited on behalf of Puducherry Municipal Council from eligible contractors registered with Public Works Department, Puducherry for the work of “Improvements to the Internal roads and drains at PSC bank colony in Olandai (Phase-II)”, through e-Tender in online.

1.1 The Work is estimated to cost Rs. 9,75,705/- This estimate, however, is given merely as a rough guide.

1.2 Tender can be downloaded from e-Tender website www.pudutenders.gov.in by the eligible contractors/firms who are having wide experience in similar works registered with Public Works Department, Puducherry.

2. Agreement shall be drawn with the successful tenderer on prescribed Form No.8 which is available with Puducherry Municipality, Puducherry. The Tenderer shall quote his rates as per various terms and conditions of the said form and submit on line to www.pudutenders.gov.in which will form part of the agreement.

3. The time allowed for carrying out the work will be 6(Six) months including Monsoon period from the tenth day after the date of written orders to commence the work or from the first date of handing over of the site whichever is later, in accordance with the phasing, if any, indicated in the tender documents.

4. The site for the work is available

OR

The site for the work shall be made available in parts as specified below:

PSC bank colony in Olandai

5. Contractors can download and submit the tenders only through on line from the web site. The contractors shall not approach the office of the Executive Engineer for receiving the Tender Schedule. The Tender Schedules can not be sold in the office of the Executive Engineer.

6. i) Earnest money of Rs. 19,514/- and tender schedule cost of Rs. 520/- (including VAT @4%) should be paid through Banker’s cheque/ Demand draft mode only through offline in favour of the Commissioner, Puducherry Municipality, Puducherry as per the provisions found in the e-tender Notice.
ii) The scanned copy of the demand drafts for the cost of tender schedule and the earnest money amount shall be uploaded along with the scanned copy of the enlistment copy of the tenderer as per the provisions contained in the website for e-Tenders www.pudutenders.gov.in

7. Tender, documents consisting of plans, specifications, the schedule of quantities of the various classes of work to be done and the set of terms and conditions of contract to be complied with by the contractor whose tender may be accepted and other necessary documents can be seen in the website.

8. The description of the work is as follows:-

“Improvements to the Internal roads and drains at PSC bank colony in Olandai (Phase-II)

Copies of other drawings and documents pertaining to works can be downloaded by the tenderers. Tenderers are advised to inspect and examine the site and its surroundings and satisfy themselves before submitting their tenders as to the nature of the ground and subsoil (so far as is practicable), the form and nature of the site, The means of access to the site the accommodation they may require and in general shall themselves obtain all necessary information as to risks, contingencies and other circumstances which may influence or affect their tender. A tenderer shall be deemed to have full knowledge of the site whether he inspects it and no extra charges consequent on any misunderstanding or otherwise shall be allowed. The tenderer shall be responsible for arranging and maintaining at his own cost all materials, tools and plants, water, electricity access, facilities for workers and all other services required for executing the work unless otherwise specifically provided for in the contract documents. Submission of a tender through online by a tenderer implies that he has read this notice and all other contract documents and has made himself aware of the scope and specifications of the work to be done and of conditions and rates at which stores, tools and plant etc., will be issued to him by the PUDUCHERRY MUNICIPALITY and local conditions and other factors having bearing on the execution of the work.

9. The competent authority on behalf of the Puducherry Municipal Council does not bind itself to accept the lowest or any other tender and reserves to itself the authority to reject any or all the tenders received without the assignment of a reason. All tenders, in which any of the prescribed conditions are not fulfilled or any condition including that of conditional rebate is put forth by the tenderer, shall be summarily rejected.

10. Canvassing whether directly or indirectly, in connection with tenders is strictly prohibited and the tenders submitted by the contractors who resort to canvassing will be liable to rejection.

11. The Competent authority on behalf of Puducherry Municipal Council reserves to himself the right of accepting the whole or any part of the tender and the tenderer shall be bound to perform the same at the rate quoted.

12. The contractor shall not be permitted to tender for works in the Puducherry Municipality, Puducherry (responsible for award and execution of contracts) in which his near relative is posted as Divisional Accountant or as an officer in any capacity between the grades of Superintending Engineer and Assistant Engineer (both inclusive). He shall also intimate the names of persons who are working with him in any capacity or are subsequently employed by him and who are near relatives to any gazetted officer
in the Puducherry Municipality, Puducherry. Any breach of this condition by the contractor would render him liable to the removed for the approved list of contractors of this Municipality.

13. No Engineer of gazetted rank or other gazetted officer employed in Engineering or Administrative duties in an Engineering Department of the Puducherry Municipality, Puducherry is allowed to work as contractor for a period of two years after his retirement from Municipal services, without the previous permission of the Puducherry Municipal council in writing. This contract is liable to be cancelled if either the contractor or any of his employees is found any time to be such a person who had not obtained the permission of the Puducherry Municipal council as aforesaid before submission of the tender or engagement in the contractors service.

14. The tender for the works shall remain open for acceptance for a period of Ninety days (90) from the date of opening of Financial Bid. If any tenderer with draws his tender before the said period or issue of letter of acceptance, whichever is earlier or makes any modifications in the terms and Conditions of the tender which are not acceptable to the Puducherry Municipality, then the Municipal council without prejudice to any other right or remedy, be at liberty to forfeit 50% of the said earnest money as aforesaid.

15. This notice inviting tender shall form a part of the contract document. The successful tenderer/contractor, on acceptance of his tender by the accepting authority, shall, with in 10 days from the stipulated date of start of the work sign the contract consisting of-

(a) The notice inviting tender, all the documents including additional conditions, specifications and drawings, if any forming the tender as issued at the time of invitation of tender and acceptance thereof together with any correspondence leading thereto.

(b) Standard form 8.

Signature of the Commissioner.

PUDUCHERRY MUNICIPAL COUNCIL
PUDUCHERRY MUNICIPALITY
GENERAL RULES AND DIRECTIONS

All works proposed for execution by contract will be notified in a form of invitation to tender pasted in public places and signed by the officer inviting tender or by publication in newspapers and in the e-Tender website as the case may be.

This form will state the work to be carried out, as well as the date for submitting and opening tenders and the time allowed for carrying out the work, also the amount of earnest money to be deposited with the tender and the amount of the security deposit to be deposited by the successful tenderer and the percentage, if any, to be deducted from the bills. Copies of the specification, designs and drawings and any other documents required in connection with the work signed for the purpose of identification by the officer inviting tender shall also be open for inspection by the contractor at the office of officer inviting tender during office hours.

2. In the event of the tender being submitted by a firm, it must be signed separately by each partner thereof or, in the event of the absence of any partner, it must be signed on his behalf by a person holding a power-of-attorney authorizing him to do so, such power-of-attorney to be produced with the tender, and it must disclose that the firm is duly registered under the Indian Partnership Act, 1952.

3. Receipts for payments made on account of work, when executed by a firm, must also be signed by all the partners, except where the contractors are described in their tender as a firm, in which case the receipts must be signed in the name of the firm by one of the partners, or by some other person having authority to give effectual receipts for the firm.

4. Any person who submits a tender shall fill up his name in the appropriate field of the BOQ (Bill of Quantities) template uploaded, stating at what rate he is willing to undertake each item of the work. Tenders, which propose any alteration in the work specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other conditions of any sort, will be liable for rejection. No single tender shall include more than one work, but contractors who wish to tender for two or more works shall submit separate tender for each. Tenders shall have the name and number of the work to which they refer.

The rate(s) must be quoted in decimal coinage.

4A. Tenders, which propose any alteration in the work specified in the said form of invitation to tender, or in the time allowed for carrying out the work, or which contain any other conditions of any sort, will be liable to rejection. No single tender shall include more than one work, but contractors who wish to tender for two or more works shall submit separate tender for each. Tender shall have the name and number of the works to which they refer.
5. The officer inviting tender or of his duly authorized Assistant will open tenders in the presence of any intending contractors who may be present at the time, and will enter the amount of the several tenders in a comparative statement in a suitable form. In the event of a tender being accepted, a receipts for the earnest money forwarded therewith shall thereupon be given to the contractor who shall thereupon for the purpose of identification sign copies of the specifications and other documents mentioned in Rule-1. In the event of a tender being rejected, the earnest money forwarded with such unaccepted tenderers shall thereupon be returned to the contractor remitting the same, without any interest.

6. The officer inviting tenders shall have the right of rejecting all or any of the tenders and will not be bound to accept the lowest or any other tender.

7. The memorandum of work tendered for an the schedule of materials to be supplied by PUDUCHERRY MUNICIPALITY and their issue rates, shall be filled and completed in the office of the officer inviting tender. If a form is issued to an intending tenderer without having been so filled in and incomplete, he shall request the office to have this done before he completes and uploads his tender.

8. The tenderers shall sign a declaration under the Officials Secret Act, 1923 for maintaining secrecy of the tender documents, drawings or other records connected with the work given to them. The unsuccessful tenderers shall return all the drawings given to them.

9. In the case of item rate tenders which are called through e-Tender, only rates quoted shall be considered. Rates quoted by the contractor in item rate tender in figures shall be accurately filled in so that there is no discrepancy in the rates written in figures.

10. In the case of any tender where unit rate of any item/items appear unrealistic, such tender will be considered as unbalanced and in case the tender is unable to provide satisfactory explanation such a tender is liable to be disqualified and rejected.

11. All rates shall be quoted on the tender form in online.

12. The contractor shall be required to deposit an amount equal to 5% of the tendered value of the work as performance guarantee in the form of an irrevocable Bank Guarantee bond of any scheduled bank or state bank of India in accordance with the form prescribed or in the form of fixed deposit receipt etc., as in the case of recovery of security deposit within 15 days of the issue of letter of intent but before award of work. This period can be further extended by the engineer-in–charge up to a maximum period of 7 days on written request of the contractor.

13(A). A sum @ 10% of the gross amount of the bill shall be deducted form each running bill of contractor till the sum along with sum already deposited as earnest money will amount to security deposit of 5% of the tendered value of the work. (Bank Guarantee is not to be accepted as security deposit)

13B. The Superintending Engineers / Executive Engineers of the Puducherry Municipality on evaluation of tender and if the tender is found that the overall amount quoted is less than 15.00%, then the contractor shall be asked to pay an additional performance guarantee amounting to 50% of the difference between the quoted amount and estimate cost put to tender. Failure to furnish the additional performance guarantee over and above the normal performance guarantee of 5% within 15 days from the date of receipt of acceptance letter, shall entitle cancellation of award and forfeiture of EMD furnished.
14. On acceptance of the tender the name of the accredited representative(s) of the contractor who would be responsible for taking instructions from the Engineer-in-charge shall be communicated in writing to the Engineer-in-charge.

15. Sales tax, Purchase tax, turnover tax or any other tax on material in respect of this contract shall be payable by the contractor and Puducherry Municipality will not entertain any claim whatsoever in respect of the same. This work is covered under section 78 of Puducherry Value Added Tax Ordinance, 2007 and hence the contractor is liable to pay a VAT at 2.8% of work done.

16. The contractor shall give a list of both gazetted and non-gazetted Puducherry Municipality employees related to him.

17. The tender for the work shall not be witnessed by a contractor or contractors who himself/himself as/have tendered or who; may and has /have tendered for the same work. Failure to observe this condition would render, tenders of the contractors tendering, as well as witnessing the tender, liable to be summarily rejected.

18. The tender for composite work includes in addition to building work all other works such as sanitary and water supply installations, drainage installations, electrical work, horticulture work, roads and paths etc. Tender must associate himself with agencies of tender for sanitary and water supply drainage, electrical and horticulture works, if any in the composite tender.

19. The contractor shall submit list of works which are in hand (progress) in the following form:

<table>

<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

(1) (2) (3) (4) (5)

20. The Contractor shall comply with the Provisions of the Apprentices Act., 1961, and the rules and orders issued there under from time to time. If he fails to do so, his failure will be a breach of the contract and the Puducherry Municipal council may in his discretion with out prejudice to any other right or remedy available in law to cancel the contract. The contractor shall also be liable for any pecuniary liability arising an account of any violation by him of the provisions of the said Act.

**CLAUSE 47:** “During the course contract period, deduction of ‘CESS’ to provide social security and various Welfare benefits through the Puducherry Buildings and other construction workers’ Welfare Board under section 18 of the buildings and other construction Workers Cess collection (RECS) Act, 1996 shall be made at the rate of 1% (One percent) of the gross amount of each bill or as per the advice of the Government of Puducherry.”
GENERAL CONDITIONS

1. The work shall in general be carried out in accordance with CPWD specifications for works 2002 with correction slips and issued from time to time. Revised CPWD Specification 2002 for cement mortar, cement concrete & RCC.

2. However, if the said specifications differ from those given in the description of any particular item in the schedule of quantities and specifications stipulated herein, the latter shall prevail.

3. If the detailed description of any particular item in the schedule of quantities and specifications finally accepted by the Puducherry Municipality differs from the particular specifications given hereunder, the former shall prevail to the extent applicable.

4. If the particular specification given hereunder differs from I.S. Code provisions, in any respects, the former shall prevail.

5. Wherever any reference to any Indian Standard specification occurs in the documents relating to this contract, the same should be inclusive of all amendments issued there to or revision there of if any, upto the date of receipt of tenders.

6. Conditions involving any financial implications other than those covered in the schedule of quantities will not be entertained and such tenders are also liable to be rejected.

7. When working near existing structures, care shall be taken to avoid any damage to such structures. Any such damage caused intentionally or unintentionally shall be restored to original and or acceptable condition and to the satisfaction of the Engineer-in-charge.

8. The contractor shall give to Municipality, Police and other authorities all notices etc., that may be required to be given as per law and obtain all requisite licenses for temporary obstructions, enclosure and pay all fees, taxes and charges which may be leaviable on account of the operations during the execution of the contract. No extra claim of the contractor will be entertained by the Puducherry Municipality on this account.

9. Other agencies doing works related to this project may also simultaneously execute the works and the contractor shall co-ordinate and cooperate with them as found to necessary at no extra cost.

10. Any cement slurry or lime mortar or any combination there of or water proofing material required for continuation from old work is demand to have been in build in the relevant items themselves and nothing extra shall be paid for the same.

11. Unless otherwise specified in the schedule of quantities the rate for all items of the work shall be considered as inclusive of pumping out or bailing out water if required for which no extra payment will be made. This will include water encountered from any source as rains, flood and Subsoil water table being high due to any other cause whatsoever.
CONDITIONS FOR ISSUE OF MATERIALS

The materials shall be issued to the contractor at the place of delivery as mentioned in Schedule ’B’. If these are delivered at any other site, the difference due to cartage will be adjusted accordingly. The contractor shall have to cart at his cost the materials to the site of work as soon as these are issued. The materials shall be issued between the working hours and as per rules prevails in the stockyard of the materials as framed from time to time.

The contractor shall bear all incidental charges for cartage, storage and safe custody of materials. No reimbursement of the expenses will be made by the Puducherry Municipality.

The contractor shall construct suitable godown at the site of work for storing the materials safe against damage of sun, rain, dampness, fire, theft etc. He shall also employ necessary watch and ward establishment for the purpose.

Cement bags shall be stored in separate godown with pucca floor weather proof roofs and walls. Each godown shall be provided with a single door with two locks. The keys of one lock shall remain with the PuducherryMunicipality, Junior Engineer-in-charge of the work and that of the other lock with authorized agent of the contractor at the site of work, so that the cement is removed from the godown accordingly to the daily requirements with the knowledge of both the parties.

The cements shall be stacked on proper floors consisting of two layer of dry bricks laid on well consolidated earth at a level of at 0.3 metres above ground level. These stocks shall be in rows of 2 and 10 high with a minimum of 0.6 metre clear space alround. The bags would be placed horizontally continuous in each line as shown in the sketch at page 398 of C.P.W.D specification 2002.

The day-to-day receipts and issue accounts of cement shall be maintained by the Junior Engineer- in-Charge and signed daily by the contractor or his authorized agent.

MATERIALS OBTAINED FROM DISMANTLEMENT

I. The contractors, in course or their work, should understand that all materials (e.g. stone and other materials) obtained in the work of dismantling, excavations etc. will be considered Puducherry Municipality property and issued to the contractor (if they require the same for their own use) at rates approved by Puducherry Municipal council. If these materials are not require by them they will disposed off to the best advantage of Puducherry Municipal Council.

DELAY IN OBTAINING MATERIALS BY THE PUDUCHERRY MUNICIPALITY

II. Owing difficulty in obtaining certain materials in the open market, the Puducherry Municipality have undertaken to supply materials specified in Schedule’B’ of the tender from at rates stated therein. There may be delay in obtaining the materials by the Puducherry Municipality and the contractor is, therefore required to keep himself in touch with the day to day position regarding the supply of materials from the Engineer-in-charge and to so adjust the progress of the work that their labour may not remain idle nor may there be any other claim due to so arising from delay in obtaining the materials. It should be clearly
understood that no claim whatsoever shall be entertained by the Puducherry Municipality on account of delay in supplying materials.

III. M.S. or deformed bars shall be issued in lengths as available in stores. M.S. or deformed bars shall be issued in straights or in coils as available and nothing extra shall be payable for straightening the bars. The bars issued in available lengths shall be cut to the required lengths and nothing extra shall be payable for the same.

IV. The contractor shall have to deposit the approved paints of required colour and shades as per actual requirements of the work to be done with the Engineer-in-Charge at the Puducherry Municipality store at the site of work.

The contractor shall be responsible for the water proofness of the roof for one full monsoon season after the date of completion. He shall rectify the defect noticed after due intimation in writing is given by the Engineer-in-Charge failing which, Engineer-in-Charge shall get the defects repaired at the contractor’s risk and cost.

WATER SUPPLY AND SANITARY WORK

V. The contractor shall engage licensed plumber for the work and get the materials tested by the Puducherry Municipality authorities whenever required at their own cost. The work shall be carried out according to the Puducherry Municipal Bye-Laws and the contractor shall produce necessary certificate from Puducherry Municipality authorities after completion of work.

VI. The contractor shall have to deposit water proofing compound as per the actual requirements for the water proofing job with the Engineer-in-charge at the Puducherry Municipal stores at the site of work.

The water proofing compound will be issued to the contractor from time to time according to his requirements for the work in the same manner as the issue of materials stipulated to be issued by Puducherry Municipality.

INCONVENIENCE TO PUBLIC

VII. The contractor shall not deposit materials on any site, which will seriously inconvenience the public. The Engineer-in-Charge may require the contractor to remove any materials, which are considered by him to be a danger or inconvenience to the public or cause them to be removed at the contractor’s cost.

VIII. Any damage to work resulting from rains or from any other cause until the work is taken over by the Puducherry Municipality after completion will be made good by the contractor at his own cost.

IX. The contractor shall deposit royalty and obtain necessary permit for supply of sand, HBG metal, red earth, etc. from local authorities.

X. The contractor shall get himself acquainted with the nature and extent of the work and satisfy himself about the availability of quarry and of kiln for collection and conveyance of materials required for the
construction. The contractor’s quoted rate should take into account all these factors and will not be allowed for extra lead for collection and conveyance of materials for any reason whatsoever.

XI. The contractor will be permitted to set up labour camp only before a week from the commencement of work and not exceeding fifteen days after the completion of the work.

XII. The contractor shall confirm to the provision of any Puducherry Municipal Acts which relate to works and to the regulations and bye-laws of any local authorities. The contractors shall give all notices required by the said Acts or Laws etc., pay all fees payable to such authorities and allow for these contingencies in his tendered rates including fees for encroachments, costs of restoration etc., and all other fees payable to the local authorities.

XIII. Where surplus earth of a suitable quality exists at the site of work, the contractor shall be allowed to use the same free of cost making mud mortar, for masonry and for laying mud terracing over the roof. The Engineer-in-charge shall be the final authority to decide whether the earth obtained from excavating is surplus or not.

The surplus earth excavated which is beyond the requirement of Puducherry Municipality Works, may be allowed by the Executive Engineer to be disposed off by the contractor on his own or to sell the surplus earth to private parties at his discretion, but nothing extra will be paid for carriage or disposal of the surplus earth, if the same is not required for Municipal works.

Wherever fine sand has been mentioned in the schedule of quantities, It should be conforming to the grading zone-I or zone-V as mentioned in the C.P.W.D. specifications.

XIV. Concrete will be mixed with mixers either operated by hand or mechanical.

XV. The contractor shall not employ women and men below the age of 18 on the work of painting with products lead, in any form wherever men above the age of 18 are employed on the work of lead painting, the following principals must be observed for such use:

(a) White lead sulphate or lead, of products containing these pigments shall not be in painting operation except in the form of paste or of paint ready for use.

(b) Measures shall be taken in order to prevent danger arising from application of paint in the form of spray.

© Measures shall be taken wherever practicable against danger arising from dust caused by dry rubbing down and scraping.

(d) Adequate facilities shall be provided to enable working painters to wash during and on cessation of work.

(e) Overalls shall be worn by working painters during whole of the working period.

(f) Suitable arrangements shall be made to prevent clothing put off during working hours being soiled by painting materials.
(g) Cases of lead poisoning and suspected lead poisoning shall be subsequently verified by a medical team appointed by the competent authority.

(h) The Puducherry Municipality may require when necessary, a medical examination of workers.

(i) Instructions will regard to the special hygienic precautions to be taken in the painting trade shall be distributed to working painter.

The Standard Sectional weights referred to as standard tables in para 5.3.3 specifications for work 1996 vol-VI 2002 be considered for conversion of length of various sizes of M.S bars and for steels bars into weight are as under.

Issue of steel diameter above 10.mm will be regulated on sectional weights basis, weight being calculated with the help of the above tables. However, for bars TMT steel upto and including 10mm the following procedure shall be adopted. The average sectional weight for each diameter shall be arrived at from samples from each lot of steel received at site. The actual weight of steel issued shall be modified to take into account the variations between the actual and the standard co-efficient given above and the contract’s account will be debited by the cost of this modified quantity only. The discretion of the Engineer-in-charge shall be final for the procedure to be followed for determining the average sectional weight of each lot. Quantity of each diameter of steel received at site of work each day will constitute one single lot for this purpose.
SPECIAL CONDITIONS APPLICABLE FOR ROAD WORKS

(1) Construction Equipment:

1.1 The methodology and equipment to be used on the project shall be furnished by the Contractor to the Engineer well in advance of commencement of work and approval of the Engineer obtained prior to its adoption and use.

1.2 The Contractor shall give a trial run of the equipment for establishing its capability to achieve the laid down specifications and tolerance to the satisfaction of the Engineer before commencement of work, if so desired by the Engineer.

1.3 All equipment provided shall be proven efficiency and shall be operated and maintained at all times in a manner acceptable to the Engineer.

1.4 No equipment or personnel will be removed from site without permission of the Engineer.

(2) Work Program and Methodology of Construction.

The Contractor shall furnish his program of construction for execution of the work within the stipulated time schedule together with methodology of construction each item of work and obtain the approval of the engineer prior to actual commencement of work.

(3) Revised Programme of Work In case of Slippage:

In case of slippage from the approved work programme at any stage, the Contractor shall furnish revised programme to make up the slippage within the stipulated time schedule and obtain the approval of the Engineer to the revised programme.

(4) Action in case of Disproportionate Progress:

In case of extremely poor progress of the work or any item at any stage of work which in the opinion or the Engineer cannot be made good by the Contractor considering his available resources, the Engineer will get it accelerated to make up the lost time through any other agency and recover the additional cost incurred, if any, in getting the work done from the Contractor after informing him in writing about the action envisaged by him.

(5) Setting out:

Setting out the work as spelt out in clause 109 of Ministry’s Specifications for Road and Bridge Works 4th Revision will be carried out by the Contractor.

(6) Public Utilities:

Action respect of public utilities will be taken by the contractor as envisaged in Clause 110 of ministry’s Specification for Road and Bridge works 4th Revision.

(7) Arrangement for traffic during Construction:

Action for arrangement for traffic during construction will be taken by the Contractor as envisaged in the contract documents and spelt out in clause 112 of Ministry’s Specifications for Road and Bridge Works (4th Revision).
(8) Quality Control:

The onus of achieving quality of work will be on the Contractor who will take actions as stipulated in Ministry’s for Road and Bridge works (4th Revision).

(9) Ministry’s Specifications for Road and Bridge Works (4th Revision):

The Ministry’s Specifications for Road and Bridge Works 4th Revision will form part of the Contract documents and the Contractor will be legally bound to the various stipulations made therein unless and otherwise specifically relaxed or waived wholly or partly through a special clause in the contract document.

(10) Documentation:

The Contractor will prepare drawing(s) of the work as constructed and will supply original with three copies to the Engineer who will verify and certify these drawings. Final as constructed drawing(S) shall then be prepared by the Contractor and supplied in triplicate along with a micro film of the same to the Engineer for record and reference purposes.

(11) The contractor shall make his own arrangement to provide the Bitumen required for the work from approved public sector, refineries such as IOC, BP, HPL, etc., and produce the paid voucher to the Engineer-in-charge. The materials so procured shall be got tested before use.

(12) The use of rubber-modified bitumen shall be as per the guidelines of “IRC SP 53-99”.

(13) The contractor shall use Hydrostatic paver with Sensor control for this work.

(14) Regarding bearings, the MoRTH letter No.RW/NH-34057/1/2008-S & R (B) dated 22.7.2009 and its Corrigendum No.RW/NH-34057/1/2008-S & R (B) dated 09.09.2009 shall be adhered.

(15) The Pile shall be terminated at a depth as per the direction of Engineer-in-charge.

ADDITIONAL CONDITIONS

1. The rate for all items of work shall unless clearly specified otherwise included cost of all labour, materials and other inputs involved in the execution of item.

2. (a) For the purpose of recording measurements and preparing running account bills, the abbreviated nomenclature enclosed with the standard form shall be adopted. The abbreviated nomenclature shall be taken to cover all the materials and operations as per the completed nomenclature of the relevant items in the agreement and other relevant specifications.

   (b) In the case of extra and substituted items of work for which abbreviated nomenclature is not provided in the agreements, full nomenclature of items shall be reproduced in the measurement books and bill forms for running account bills.

3. For all doors and windows, whether factory made or otherwise, cleats and rubber buffers 30mm dia, shall be provided as directed by the Engineer-in-charge and the rate for the shutter item shall include the cost of providing such wooden cleats and buffers.

4. For those doors where hydraulic door closer is provided only wooden cleats need not be provided and no reduction in rate shall be made for the same.
5. The particle board shutter shall be provided with teak wood lipping (beading) at the edges to which hinges are fixed, without any extra cost.

6. For works where items of aluminium doors, windows etc., are specified, the grade of anodic coating to be provided in accordance with Table I to IS 1868 – 1968 to gather with reference to IS: 5523 – 1969.

7. Where hydrated lime is not available, this can be used on the works and the places where hydrated lime is not available, lime concrete will be prepared by the traditional method of slaking the lime, Preparing the lime putty etc.

8. (a) Tendered rates are inclusive of all taxes and levies payable under the respective status. However pursuant to the constitution (46th Amendment) Act., 1982, if any further tax or levy is imposed by the statute, after the date of receipt of tenders, and the contractor thereupon necessarily and properly pays such taxes/levies, the contractor shall be reimbursed the amount so paid provided such payment. If any is not in the opinion of the Commissioner (whose decision shall, be final and binding) attributable to delay in execution of work within the control of the contractor.

(b) The contractor shall keep necessary books of accounts and other documents for the purpose of this condition as may be necessary and shall allow inspection of the same by a duly authorized representative of Puducherry Municipality and further shall furnish such other information /documents as the Engineer-in-charge may require.

© The contractor shall within a period of 30 days of imposition of any further tax or levy pursuant to the Constitution (46 the amendment ) Act, 1982 give a written notice there of the Engineer-in-charge pursuant to this condition, together with all necessary information relating therein.

9. Stipulated materials shall be issued for use at site of work for all the items where such materials are required. For factory made products like precast cement tiles, precast hollow concrete blocks, precast foam concrete blocks, precast RCC pipes etc., stipulated materials shall not be issued.

10. While execution of the work, the contractor shall organize his work in such a way that the normal functioning of the premises in not disturbed.

11. Any damage done to the existing structure while dismantling execution of the work shall be made good by the contractor at shall be made his own cost and no extra shall be entertained on this account.

12. The item of Antitermite treatment shall be executed through a specialized firm.

CONDITIONS FOR STEEL:

13. The contractor shall make his own arrangements to provide the steel required for the work from SAIL / IISCO / TISCON / VIZAG / JSW STEEL PLANT and produce the paid voucher to the Engineer-in-Charge. The materials so procured shall be got tested before use.

14. The contractor shall procure 43 grade OPC / PPC cement having ISI mark from reputed firms having annual turn over of not less than one million MT and store it in the site godown as per the guidelines specified in the CPWD specification 2002 under double lock system. The paid voucher of the cement procured shall be produced to the Engineer-in-Charge. The cement procured shall be got tested before use.
15. The contractor shall make his own arrangements to provide the bitumen required for the work from approved public sector, refineries such as IOC, BP, HPL etc., and produce the paid voucher to the Engineer-in-Charge. The materials so procured shall be got tested before use.

16. Necessary test certificates should be produced from the approved laboratory for the quality of materials.

17. Defective materials will be rejected and the same have to be replaced by the contractor at his own cost.

18. Original purchase vouchers should be produced at the time of receipt of materials and at the time of verification by the Engineer-in-Charge. The name of contractor, name of work and agreement number should be clearly noted in the original vouchers.

19. The test specimens shall be provided at free of cost by the contractor.

20. As per Circular No. 339/PW/EE (D)/F.No.213/02/03; dt:10-10-02. The cost of samples and all other incidental charges such as packaging transportation to the laboratory, etc., shall also be borne by the contractor. The testing for shall be paid by the engineer in charge if the materials pass the test.

21. The test for cement has to be conducted for every 1000 bags or part. The test for steel has to be conducted for every consignment of 20 tonne or part thereof for each size/dia.

22. Payment for the item of laying Semi Dense Bituminous Concrete shall be made after conducting the density / compaction measurement test and also the surface roughness measured with Pump Integrator, by the Highways Research Station, Chennai and ensuring that

(a). In respect of density / compaction, the test result conforms to the density prescribed in the mix design and,

(b). In respect of surface roughness measured with Bump Integrator the result shall conform to the values prescribed in Table – 3 of IRC – SP-16-2004.
ADDITIONAL CONDITIONS II
ADOPTION OF PSR ABBREVIATED NOMENCLATURE – 2007

As per Chief Engineer’s Circular No.378/PW/EE (D)/AE© F.No.286/2002-03, dates 30-10-2002 the Pondicherry Schedule of Rates Abbreviated /nomenclature 2007 for building and road works shall be adopted in the recording of measurements and preparation running account bills, etc., wherever applicable as per CPWD Manual 2007.

PARTICULAR SPECIFICATIONS

1. The work executed shall be measured as per metric dimensions given in the schedule of quantities. The FPS units wherever indicated in the drawings are for guidance only.

2. Unless otherwise specified, all the rates quoted by the contractor shall be items of work at all levels and heights of the building.

3. The work shall be executed as per the C.P.W.D specification 2002 (with correction slips and subsequent publications). In case of discrepancies between the specifications mentioned above and as indicated in the nomenclature of the item the latter shall prevail.

4. All stone aggregate, sand etc., shall be obtained only from quarries or other sources approved by the Engineer-in-charge.

   All materials shall be got approved by the Engineer-in-charge before they are actually procured and used at site.

5. The grading of sand to be used for mortars and concrete shall be determined at the site of work by the Engineer-in-charge and sand conforming to these gradings only shall be used on the work.

6. Necessary washing, screening etc., of metal and sand shall be done at site as per requirements of the Engineer-in-charge.

7. Bricks shall have crushing strength of class designation.

8. The work of water supply and internal sanitary installations and drainage shall be carried out as per bye-laws of the local municipal body.

9. All manufactured materials used on the work shall have ISI mark. In case of materials for which no manufacturer has been licensed to manufacture the materials with ISI marking, the materials shall conform to the provisions of C.P.W.D./MOST/MORTH/CPHEEO specifications or the ISI code (in the absence of C.P.W.D. specifications or other specification mentioned above for any particular material).
In the case of all materials, tests shall be conducted to ensure that they conform to the specifications of codes mentioned above.

10. All materials which are to be tested before use on the work should be procured at least 2 months before use on the work so that enough time is available for testing them before they are actually used.

11. The cost of samples and all other incidental charges such as packing, transportation to the laboratory etc. shall be borne by the contractor. The testing fee shall be paid, if the material passes the test, by the Engineer in charge.

12. The architectural drawings Nos. based on which the work is to be executed are available with the Engineer-in-charge can be inspected by the prospective Tenderers upto the date of receipt of tender at his office during working hours.

Use and testing of all the manufactured materials used in the work shall be regulated as per specification 2002.

13. Before receiving final payment for the work, contractor shall give an undertaking to the effect that at his own cost, he will rectify the defects in wall roof like leakage, cracks etc., which may come to light during the first monsoon after the completion of the work and for this purpose part of the security deposit which may be deemed reasonable by the Engineer-in-charge shall be retained till the first monsoon is over as security against the contractor’s failure to act upon the undertaking. This undertaking and consequent retention of part of the security deposit shall not invalidate the contract.

The timber to be used on the work shall be of first class wood of species mentioned in the particular item. The timber shall be kiln seasoned as per B.I.S 1141-1973 and shall be treated with non-reachable type preservative by vacuum pressure method as per B.I.S 401-1982

FACTORY MADE PANELLED SHUTTERS FOR DOORS

14. The Shutters shall be fabricated generally as per I.S.1003 Part-I 1997 and as per Architect’s drawings. The timber to be used shall be of first class wood of species mentioned in the particular item, which shall be kiln seasoned and preservative treated. The panels shall be as specified in the item number. Samples of shutters shall be got tested as per I.S.1003(Part-I) – 1997. The rate quoted for the item shall include the element of cost of shutter to be sent for testing and no claim on this account shall be entertained at a later date.

15. Pressed clay tiles to be used on the work shall conform to I.S.2690(Part I) 1975. However, the water absorption of the tiles when tested by the method described in the Appendix ‘A’ of the said I.S.2690 Part –I 1975 shall not exceed 18% (Eighteen percent)

16. Shahabad stone slabs, marble slabs etc., on treads and risers of steps and shelves shall be in single pieces.
17. The specification in respect of laying and jointing rigid P.V.C threaded pipes both internal and external shall be as per para 19.7.1 to 19.7.7 and 19.9.2 of C.P.W.D specification 2002 and Vol. II and 2002. The rigid P.V.C threaded pipes shall confirmed to relevant ASTM standard and shall be ORIPLAST or equivalent.

18. Wherever RCC walls, fins and facials are monolithic the portion of RCC are to be measured as per the standard norms laid down in this purpose.

The top surface of the RCC roof slab shall be screeded to be uniform when the concrete is green, so as to have a proper bond with the roof treatment. Nothing extra shall be paid on this account.

19. For aluminium doors, fixed glazing, fixed windows, sliding windows, louvered type ventilators and partitions etc. all aluminium sections shall be to the required size, thickness and weight as shown in the relevant Architect’s Drawings.

20. The weight of stays given in C.P.W.D. specifications 2002 shall be for cast brass stays only.

The weight of the mild steel and anodized aluminium stays shall be as follows:

<table>
<thead>
<tr>
<th>Casement stays (Straight peg type)</th>

FORM OF PERFORMANCE SECURITY
BANK GUARANTEE BOND

In consideration of the Puducherry Municipal council (hereinafter called “Council”) having offered to accept the terms and conditions of the proposed agreements made between the commissioner Puducherry Municipality and ---------------------- (hereinafter called “the said contractor”)------------------ for the work ---------------------- (herein after called “the said agreement”) having agreed to production of a irrevocable Bank Guarantee for Rs.------------------(Rupees ---------------------- only) As security/guarantee from the Contractor(s) for compliance of his obligations in accordance with terms and conditions in the said agreement, We ---------------------- (herein after referred to as “the Bank”) (Indicate the name of the Bank) hereby Undertake to pay to the Municipality an amount not exceeding Rs.------------------(Rupees ---------------------- only)on demand by the Municipal council.

2. We ---------------------- (indicate the name of the bank) de hereby undertake to pay the amounts due(**indicate the name of the Bank) and payable under this Guarantee without any demure, merely on a demand from the council stating that the amount claimed is required to meet the recoveries due or likely to be due from the said contractor(s). Any such demand made on the Bank shall be conclusive as regards the amount due and payable by the bank under this Guarantee. However, our liability under this guarantee shall be restricted to an amount not exceeding Rs.------------------(Rupees ---------------------- only).

3. We, the said bank further undertake to pay to the council any money so demanded not with standing any dispute or disputes raised by the contractors(s) in any suit or proceeding pending before any court or Tribunal relating thereto, out liability under this present being absolute and unequivocal. The payment so made by us under this bond shall be a valid discharge of our liability for payment there under and the contractor(s) shall have no claim against us for making such payment.

4. We** ---------------------- further agree that the guarantee here in (**indicate the name of bank) contained shall remain in full force and effect during the period that would be taken for the performance of the said agreement and that it shall continue to be enforceable till all the dues of the Council under or by virtue of the said agreement have been fully paid and its claims satisfied or discharged or till Engineer-in-charge on behalf of the Council certified that the terms and conditions of the said agreement have been fully and properly carried out by the said contractor(s) and accordingly discharges this guarantee.
5. We**----------------------------------------------- further agree with the Council that (**indicate the name of the bank). The Council shall have the fullest liberty without our consent and without effecting in any manner our obligations hereunder to vary any of the terms and conditions of the said agreement or to extend time of performance by the said contractor(s) from time to time or to postpone for any time to time any of the powers exercisable by the Council against the said contractor(s) and to for bear or enforce any of the terms and conditions relating to the said agreement and shall not be relieved from our liability by reason of any such variation, or extension being granted to the said contractor(s) or for any forbearance act of omission on the part of the Council or any indulgence by the Council to the said contractor(s) or by any such matter or thing whatsoever which under the law relating to sureties would, but for this provision, have effect of so reliving us.

6. This guarantee will not be discharged due to the change in the constitution of the Bank or the Contractor(s).

7. We** ------------------------------------------- lastly undertake not to revoke this (** indicate the name of the bank) guarantee except with the previous consent of the Council in writing.

8. This guarantee shall be valid upto------------------------ Unless extended on demand by Council. Not with standing any thing mentioned above, our liability against this guarantee is restricted to Rs-------------(Rs-------------------------------------- only) and unless claim in writing is lodged with us within six months of the date expiry or the extended date of expiry, of this guarantee all our liabilities under this guarantee shall stand discharged.

Dated this ------------------------------- day of ---------------- for-------------------------------------
