D.O. No.4/7/2008-PRP&P

Dear Chief Minister,

The National Human Rights Commission is concerned about the death during the course of a police action. The police does not have a right to take away the life of a person. Under the scheme of criminal law prevailing in India, it would not be an offence if the death is caused in exercise of right of private defence. Another provision under which the police officer can justify causing the death of a person, is section 46 of the Criminal Procedure Code. This provision authorizes the police to use reasonable force, even extending up to the causing of death, if found necessary to arrest the person accused of an offence punishable with death or imprisonment for life. Thus, it is evident that death caused in an encounter if not justified would amount to an offence of culpable homicide.

The Commission considered the issue and recommended a procedure to be followed in the cases of encounter death by all the States/UTs in the country. The guidelines were conveyed to all the States/UTs vide letter dated 29.3.1997, which were further revised vide letter dated 2.12.2003.

The Commission finds that most of the States are not following the recommendations issued by it in the true spirit. The matter was again considered by the Commission and it was felt that the existing guidelines require some modifications. After a careful consideration of the whole matter, the Commission has revised the procedure to be followed by the States/UTs in all cases of deaths in the course of police action. Revised guidelines are enclosed herewith.

It is requested that the concerned authorities of the State/UT may be given appropriate instructions to follow the enclosed guidelines in all cases where death is caused in police action.

With regards.

Yours sincerely,

C.P. Mamur (G P Mathur)
